WANT TO LEARN . SCIENCE OF FARMING

MANY ROCK COUNTY LADS AT STATE UNIVERSITY.

They Are in Attendance at the College of Agriculture—Some of the Students Have Had Experience on the Farm Before Going to Madison.

The attendance in the college of agriculture at the State University at Madison is the largest in its history, there being 309 names on the register. These pupils come from sixteen states and Canada. Fortunately most of them are from Wisconsin. The representatives from Rock county are as follows:

In the short course, C. N. Kramer, Edgerton; H. J. Lassell, Orfordville; N. C. Miller, Center; J. E. Bass, Beloit; G. H. Gesley, Beloit; Geo. D. Little, Janesville, N. R. Rosesseler, Hanover.

The three counties sending the largest number of pupils are: Dane county, with a total attendance of 22; Waupaca county, with 18; and Richland county, with 10 pupils.

The short course in agriculture is the students' course. Here instruction is given in judging, feeding and managing stock, treatment of the common diseases of farm animals, farm dairying, horticulture, grafting, budding, etc. Farm blacksmithing, farm carpenter work and bookkeeping adopted to the farm are also taught.

Many of the young men taking the short course in agriculture have worked on farms as hired hands before coming to the university for study. These young men are willing to still work with their hands, but are anxious to eventually reach higher positions. A number of them are preparing to become farm managers. To give some idea of the class of students it is stated that last spring at the close of the short course forty-one young men hired out as farm hands, some of them coming as far away as California. This does not include the hundred or more young men who find employment each year in the creamery and cheese factory. A number of students are more than twenty-five years of age, and several are married men. The agricultural college is the only institution in the state which combines hand training and head training, and sends its pupils back to the great industry of mankind—agriculture.

Loudon, Dec. 9.—The friends of Mrs. Maybrick have reluctantly abandoned their plan to wait upon the home secretary and petition for the American woman's release, owing to an official communication just received by the committee in charge of the arrangements stating that such a deputation could not be received. The letter is from the secretary of Sir Matthew White Ridley to J. Treare Edgcombe, a leading member of the Maybrick committee.

Change in Armor Inspectors.

Pittsburg, Pa., Dec. 9.—The government has increased the force of inspectors on duty at the Carnegie mills in Homestead. E. W. Craig, U. S. N., late of the battleship Texas, has been appointed inspector of hull material at Munhall and Chief Engineer Walter E. Worthington, U. S. N., late of the cruiser Brooklyn, has been placed in charge of the construction of steam engineering material in the Pittsburg district.

Cincinnati, O., Dec. 9.—The Ohio Commandery of the Military Order of the Loyal Legion at an informal meeting here has decided to elect President McKinley commander of the order at the next election which takes place in May. The election will be unanimous. President Harrison and Gen. Sherman have been commanders of the order.

William Kent Fleeing South.

Carlinville, Ill., Dec. 9.—The prevalent opinion is that William Kent, murderer of his brother Noble, has left the old homestead and is miles away. The sheriff will search the place. H. H. Cowen, formerly county judge, is said to have received a letter from Kent which shows that he is fleeing south.

West Superior, Wis., Dec. 9.—The fire department is unable to control the dock fire here and aid has been asked from St. Paul. Duluth refusing to send engines. The loss has reached at least \$150,000. Only one man was saved of the four carried into the lake by the falling coal.

Washington, Dec. 9.—Maj.-Gen. Wheeler will resign his seat in congress and retain his commission in the army. He made this decision as a result of the question raised as to the legality of his holding two positions under the United States government.

SELL KOSHKONONG PROPERTY

The Valentine Cottage Has Been Transferred to H. L. Skavlem.

A. M. Valentine, of this city, has disposed of his handsome cottage and interests at Lake Koshkonong to H. L. Skavlem, also of this city.

The property consists of four lots adjoining the cottage, together with the interest that Mr. Valentine held in the Carcajou stock farm, and the Carcajou shooting club.

The cottage is a handsome and well built one throughout, and was erected about four years ago, at a cost of about \$1,500, and is today considered to be the most complete of its kind along the lake.

DESTRUCTIVE FIRE NEAR CITY LIMITS

BUILDING ON RUGER FARM WITH CONTENTS,

Blaze Probably Caught From An Overheated Stove While the Family Were at Dinner—Damage Will Reach Two Thousand Dollars—Department Saved Adjoining Buildings.

Fire on the Thomas J. Ruger farm, located on Ruger avenue about one mile from the city limits, in the town of Harmony destroyed a combined granary and stable this noon. The loss was complete and will foot up about \$2,000. There was no insurance on the contents, but the building was partly covered by insurance, the heirs of the estate not knowing the exact amount this afternoon.

From box 36 located at the corner of Ruger and Forest Park boulevards came the alarm at 12:52. The department responded in good time, but finding the fire fully a mile from the city limits, Chief Spencer ordered only the patrol and east side hose out to the scene.

The flames had got in their work by this time, and the structure, together with machinery, 1,000 bushels of corn and 800 bushels of oats was a total loss. Large adjoining barns that were erected a few years ago as stables by Galbraith Bros. were but a few rods away, as well as a tobacco shed partly filled with leaf. The department turned in to save these buildings, and their efforts prevented a more serious conflagration.

The farm is occupied by Charles Wolfe, and the probability is that the flames started from an overheated stove located in the destroyed building, and which had been started to warm up some feed for the stock.

ARMY MAY BE DECREASED

Musé Fears the Result of the Signing of the Peace Treaty.

Washington, Dec. 9.—Gen. Miles expects to appear before the house military committee in a few days to set forth personally the reasons he thinks his army bill should be passed. The most urgent is the fact that immediately upon the formal announcement of the peace between the United States and Spain the United States army may be suddenly reduced, almost a third, and at a time when the need for troops for garrison purposes is still pressing. This statement does not apply to volunteer troops.

As stated by the president in his message, they having enlisted for the war, must all be discharged. But when the war department, acting under the authority conferred by congress at the last session, sought to recruit the regular army to a war footing to stimulate enlistments, it pledged itself in a formal order to discharge upon his own application any recruit who wished to leave the service upon the conclusion of peace, although the nominal term of enlistment was for three years.

Gen. Miles will also urge that provision be made for the fortification of Manila.

Seriously Damaged the Essex.

Norfolk, Va., Dec. 9.—An examination of the sloop-of-war Essex, which is a remnant of the old navy and arrived from Newport after a thrilling experience in a hurricane, showed that serious damage had been done and but for skillful seamanship she would have foundered. Commander Curtis says she battled forty-eight hours with the elements and the waves washed all over the vessel. Orders have been received to immediately begin repairs to the Essex and a force of workmen was put aboard. It will take a month to make the repairs.

Women to Fight a Mormon.

New York, Dec. 9.—Efforts to prevent Brigham H. Roberts, representative-elect from Utah, from taking his seat in the Fifty-sixth congress, because he is a polygamist and advocates that doctrine of the mormon church, is said to have the organized support of hundreds of thousands of women in the United States. The initial woman's movement is to take organized form in this city at a meeting of the Presbyterian woman's board of home missions Dec. 20.

L. C. Lord Is Elected.

M. C. FISH ATTACHES JEWELRY TRUNKS

FIFTEEN HUNDRED DOLLARS BACK SALARY.

Well Known Traveling Man Was the Center of Much Interest In Racine This Week—Attached His Own Trunks to Protect Himself Against Loss.

Malachi C. Fish, of this city, has been having a real interesting time of it in Racine this week.

For several seasons past Mr. Fish has been traveling as representative of the well known Providence, R. I., wholesale jewelry firm of Kent & Stanley. From the far east to the far west Mr. Fish covered territory, and as a first-class salesman he was regarded in the A. No. 1 class. For this excellent service he received a handsome salary, but getting paid when his salary fell due and getting stood off till a later day was a question that of late has confronted Mr. Fish. Considerable back salary was due him. Several months ago he was advised that the company which he had so long represented, would soon make an assignment, and then to protect himself he immediately attached the trunks and jewelry to secure a note of \$1,500 which was due him for salary.

This all took place at Racine this week.

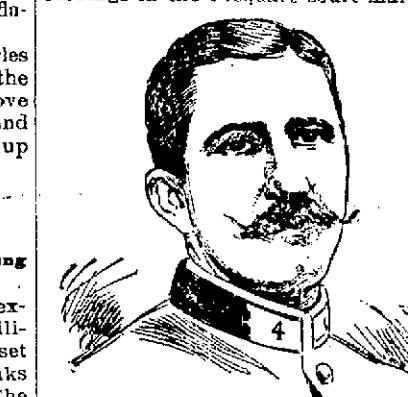

At Racine on Wednesday at 10 o'clock in the morning Under Sheriff Ed Rein auctioned off at the Elkins jewelry store Mr. Fish's trunk full of jewelry. The goods which were valued at about \$1,750, were bought by Mr. Fish for \$1,050.

He Will Receive All Necessary Aid in the Preparation of His Defense.

Paris, Dec. 9.—[Special]—The government has authorized the sending to ex-Capt. Dreyfus of all the documents necessary to the preparation of his defense.

POWDER MILL GOES UP

Two Killed and Six Badly Injured at the Dupont Works Today.

Wilmington, Del., Dec. 9.—[Special]—By the explosion of six mills at the Dupont Powder Works this morning, two men lost their lives and six were dangerously injured. The dead are: Robert McIlhenney, and John Wright. Three of the injured will probably die.

Deaths Immigration Bill.

Washington, Dec. 9.—Chairman Danforth of the immigration committee, after talking with house leaders, says he will not urge the immigration bill until more members arrive, as it is felt that the passage of the measure might be endangered by having it go to a vote with a small attendance. Mr. Danforth anticipates a sharp contest, for, in addition to the questions arising when the bill was before the senate, the acquisition of the Philippines, Porto Rico and other outlying territories promises to develop new phases of the labor and immigration subject.

To Aid American Ships.

Washington, Dec. 9.—Representative James R. Mann is preparing a bill providing for a bounty on all merchandise exported in American-built ships, a bounty to range from 25 cents to \$2 a ton, according to the distance carried. This, he claims, will be a departure in bounty legislation. The nearest analogy is the bounty on German and French beet sugars. "My idea is to benefit the Pacific coast trade," said Mr. Mann. "The Atlantic coast has had enough done for it. Now let's build up a tremendous merchant marine on the Pacific coast."

Bloodhounds on the Track.

Arrowsmith, Ill., Dec. 9.—The private bank of Taylor & McClure was entered by robbers Wednesday, who secured \$4,000 worth of negotiable paper and escaped. They used dynamite on the safe, which was wrecked. Bloodhounds are being used today to track the robbers.

GET AN OFFER FOR THE PHILIPPINES

JAPAN WANTS TO BUY THE ISLANDS FROM UNCLE SAM.

Offers Ten Times the Amount Paid By the United States—It is Not Probable They Will be Sold—Peace Commissioners Engage Passage For Home.

Washington, Dec. 9.—[Special]—It is already manifested that the United States made a good bargain when it agreed to pay Spain \$20,000,000 for the Philippine islands. Already several nations are endeavoring to secure a portion or all of the group, and are willing to pay a considerable advance upon the cost price. Japan is first in the field with an offer of \$200,000,000 for the group—ten times the amount they cost this government. It is not likely that this offer will be accepted—for a time, at least. If the islands are worth \$200,000,000 to Japan they are certainly worth as much to us. The offer of the "Yankees of the Orient," however, will be respectfully considered, but will most probably be rejected.

Strong Endorsements

Dr. Mary E. Green, president National Household Economics Association, member American Medical Association, member American Public Health Association, author of "Food Products of the World," writes from Charlotte, Mich.: "The excellence of Pabst Malt Extract is not unknown to me, as I have used it professionally for years, always with the most satisfactory results. For mothers nursing their children and for general debility from any cause, I regard it as of especial value, as it combines both tonic and nutrient properties, which make it truly the 'Best' Tonic."

"I recently prescribed Pabst Malt Extract, The 'Best' Tonic, to three of my patients, all of whom were ladies, and all of whom were suffering from dyspepsia and its consequences, and in all these cases it acted like a charm. Two of them bought more of the tonic, and continued to take it, until now they tell me they can eat anything, and one of them added 'everything,' without the slightest inconvenience. They have certainly improved wonderfully in weight and strength. I have prescribed your 'Best' Tonic a great number of times. It is one of the best, if not the very best, of its kind."

Chicago Chronicle "Faker" Gets Up a Very Lurid Story

The disgraceful article published in The Chicago Chronicle was not written by a Janesville man. The local correspondent of that paper was not responsible for the article, and the flagrant inaccuracies show that the author knew but little about the case, the city, or the people. The article does not do Janesville credit, and all will regret its publication. It was evidently "faked" by some man in the Chronicle office who had but a hazy idea of the facts in the case.

The date set for the appearance of the world famous prima donna contralto, Mme. Sofie Scalchi and her company of operatic stars is Wednesday, December 14th. It goes without saying that this will be the chief musical event of the

promising client of the firm, a couple of five hundred dollar notes, some love letters and other sundries. The legal document concerns a lieutenant of the navy; the thousand dollars represents the capital the junior member of the firm has set apart for wedding expenses, and among the sundries is a harmless letter the latter gentleman had addressed to his mother. So freighted the coat starts on its journey. A scrub woman abstracts the thousand dollars from the pocket, the young lawyer's fiancee visits the office and purloins the coat, to be used as a pattern for a smoking jacket. When the loss is discovered the four men are equally concerned in its recovery, and the scrubwoman, conscience stricken, joins in the search that she may restore the notes before the theft is discovered. From the law office to the house of the bank president, which is likewise the home of the young attorney's fiance, the coat journeys. The papers are scattered. The letters fall to the hands of the bank president's wife and the lawyer's sweetheart and arouse jealous fury. Finally the coat is returned to its proper peg in the law office. The money and papers are restored and only prevarication explains the incriminating letters satisfactorily to the suspicious women into whose hands they have fallen.

NOTICED THIS BEFORE
You Probably Have and May
Have Spoken About It.

The reader of this newspaper if he takes the time and trouble to look carefully through its columns, will probably find half a dozen statements tacked on to the foot of reading notices about proprietary articles. Note this fact. In each and every instance as far as Janesville is concerned, as far as the reader's knowledge of the party is concerned he might just as well live in the moon. Make another note of this. The only remedy on the market which gives testimony at home, local proof in every town and city in the Union, to back up its claims, is Doan's Kidney Pills. They all try it but they cannot do it. Why they are unable to do it can safely be left with the reader to draw his own conclusions. Here is Janesville proof for Janesville readers. Mr. Geo. Pratt, of 201 S. Main St., salesman at Brown Bros. Shoe store, says: "I feel that I can guarantee Doan's Kidney Pills for curing kidney complaint. I was subject to it for several years, had a doctor treat me for quite awhile, and as long as I took the medicine I was helped, but as soon as I quit the trouble returned. I took other remedies, but without being benefited. Finally learning about Doan's Kidney Pills I procured them at the Janesville Co.'s drug store and took them. They cured me. My symptoms were mostly backache, the kidney secretions contained sediment and were too frequent in action. You are welcome to use my name as one who recommends Doan's Kidney Pills, and I shall be glad to speak a good word for them at all times."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.

POLITICS IS BARRED.
Congress of Farmers Aims—Next Convention at Boston.

Forth Worth, Tex., Dec. 9.—At the farmers' national congress the first thing done Thursday was to adopt an amendment to the constitution, worded as follows: "No question that in any sense is before the country as a partisan issue and has been incorporated in the platform of the leading political parties shall be proposed or debated in its meetings of this congress."

This was done to prevent the Nebraska beet-sugar men and others from securing the passage of an anti-annexation resolution. The committee on resolutions recommended the adoption of the following: "The completion of the Nicaragua canal, legislation for good roads by state aid, rural mail delivery extension, a measure to make shipments of oleomargarine and butter into other states subject to the laws of those states, to stop false branding of dairy and dairy food products as to the state in which they are manufactured or produced, indorsing American mail service to foreign countries in American ships, urging state boards of education to put agricultural textbooks in public schools, indorsing arm's institutes and asking congress to pass a law against the adulteration of food products."

Boston was selected as the location for the next session of the farmers' national congress.

TO AGREE WITH RUSSIA.

Britain's Policy Is Declared—Chamberlain Makes a Statement.

London, Dec. 9.—The Rt. Hon. Joseph Chamberlain, secretary of state for the colonies, speaking at a conservative gathering in Wakefield, Yorkshire, fully discussed home and foreign affairs and the government's policy in Egypt, which, he said, depended entirely upon the possibility of reaching an understanding with France, "a thing which is impossible so long as the French pursue a policy of exasperation."

With regard to the relations between Great Britain and Russia in connection with the far east, he said that while hitherto the endeavors to reach an agreement had failed he believed an agreement with Russia was necessary unless serious complications were to be encountered. There were, he continued, no insurmountable obstacles to an agreement. On the contrary, it was quite possible to conciliate the reasonable ambition of Russia with the fixed policy of Great Britain to maintain equal opportunities of trade for all nations.

HEALTHY OLD AGE.

LARUE, BENTON CO. AREA, Aug. 4.

I am 49 years old and have been suffering with consumption of life. I had flooding spells so bad that one night I almost gave up. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.

MRS. E. B. TOWNSEND.

McRELLER'S Wine of Cardui

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.

Madison Journal—In the history of politics it is unfortunately true that there is much, altogether too much of trading, promising and unworthy methods. But men who are given to this sort of political maneuver usually keep their purposes and movements secret, and the public knows little or nothing of what is being done. Strangely enough Wisconsin seems to have a few politicians who carry on their political traffic with little attempt at concealment. There was held in Milwaukee on Monday a political meeting, the proceedings of which were a disgrace to the party and the participants. It was a meeting held by few of the factional leaders who opposed the nomination of Gov. Scofield and many of whom refused to support him after his nomination, to select men to be appointed by the attorney general elect; his assistant, second assistant and law examiner.

At the late state convention it was generally reported, and the report has been currently circulated and credited since that time, that Mr. Hicks, one of the candidates for attorney general, promised the leaders of the faction known as the "LaFollette faction," that if they would give him the solid vote of that faction and secure his nomination he would allow them to name men to fill the offices of his disposal. The united vote of this faction was given to Mr. Hicks and he was nominated. But he denied at the time and has since denied, that he made any promises as a condition of such support. Be this as it may, the leaders of this faction have assumed that they could control the patronage of the attorney general's office, and they met in Milwaukee Monday to decide upon the men they would recommend for appointments. The proceedings were made public and the names of the successful candidates published.

Was there ever in the history of politics in this state or in any other, a more unblushing and disreputable proceeding than this? Most of the prominent men in the meeting were delegates in the state convention, and they met Monday to divide the plunder that they claim was promised them as a reward for their votes. They had sold themselves and they met to settle the question of their pay.

And let it be remembered that these men are pretended "reformers," "lovers of "pure" politics. Men who are opposed to "machine rule." Men who pose as better than their fellows, and seekers after honest methods. Men who claim to be sincere and unselfish and seek only to promote public good. These are the traders and traffickers who met on Monday to divide the spoils they claim to have earned by selling their votes to a particular candidate in state convention.

What will the honest men, and there are many of them, who supported this faction in the belief that it was honest in its purposes and practices, think of this disreputable proceeding? What will the men who desire to see better methods prevail in politics, who believe in nominating men on their merits, who believe that fitness should be the test of office and that public officials should appoint their assistants on account of competency, think about a gang of pretended reformers getting together to name for a high public official, his assistants in office, as a reward for giving him their votes in convention?

We do not believe that Mr. Hicks will ratify the action of the Milwaukee meeting and make the appointments it recommended to him. Should he do this he will confirm the truth of the report that he traded off the offices under him to secure his nomination. Against such a prostitution of official power there would rise up an indignant protest from every loyal republican in the state. Mr. Hicks has denied, as we have stated that his appointments were promised as a condition of support. We do not believe he will be coerced into any action that will demonstrate that his denials were not in good faith. The public will await the outcome with much interest.

FRANCIS MURPHY MEETINGS HERE

WILL BEGIN AT THE ARMORY
SUNDAY AFTERNOON.

He is the Most Noted Temperance Orator in the Country—City Pastors Are All Interested and Will Assist in Making the Crusade For Temperance a Success.

All arrangements for the temperance meetings to be held by Francis Murphy, the noted apostle of total abstinence, have been completed, and the first meeting of the series will be held on Sunday afternoon at 3 o'clock at the Armory.

Mr. Murphy is an eloquent and effective speaker, whose whole heart is in the work. For many years he has traveled the country, addressing hundreds of thousands of people in every city and hamlet east and west. His converts are numbered by the tens of thousands. His method is to appeal to the reason of those addicted to drink, and to show them that persistence in their course will inevitably lead to ruin and disgrace.

Mr. Murphy can speak from experience of the evils of intoxicating drink. He was himself notorious as a drinker years ago, and only saw the error of his ways and reformed when the officers of the law took his children from him.

That Mr. Murphy will meet with great success here does not admit of a doubt. He has the hearty co-operation of all the city pastors and of good citizens generally, who will lend him a helping hand.

Defend the Vigilantes.

San Diego, Cal., Dec. 9.—Several mysterious fires and an attempt to poison the water used by railroad section men have caused much excitement in the little town of Delmar, twenty miles north of here. A vigilance committee has been organized and William Bennett, proprietor of a hotel which was burned Tuesday, has been ordered to leave town within forty-eight hours. Mr. Bennett refuses to do so and defies anyone to lay a hand on him. He goes about the streets armed with a Winchester, and serious trouble is feared. Bennett was not in Delmar when the hotel was destroyed.

For Government Railroads. Washington, Dec. 9.—Senator Pettigrew, by request, introduced a bill for the operation by the government of the entire railway systems of the United States, fixing rates for passengers, sleeping-car, freight and express traffic, and incidentally that of postage. It consolidates the interstate commerce commission and the postoffice department, and directs the consolidated department, under the direction of the postmaster-general, to lease or take possession of railroads upon six months' notice, the rentals to be on a basis of the earnings of the West Superior, Wis., Dec. 10.—The

West Modern Lunacy Law.

Denver, Colo., Dec. 9.—The committee appointed by Gov. Adams to investigate the affairs of the state insane asylum at Pueblo has made its report. The findings of the committee are that there has been gross neglect on the part of the superintendent and employees and that there is no system of record by which an intelligent idea of the financial and physical conditions of the institution can be gained. A change in the superintendency and management and a more modern lunacy law are among the recommendations.

Salter of Chicago, and many others.

War Department Very Active. New York, Dec. 9.—The war department is still making war preparations. If the United States were expecting an assault from the combined navies of Europe the government could hardly be more active in rushing coast defenses than it is at present. Guns are being scattered along the coast from Maine to Florida.

WILCOX WILL BE BURIED TOMORROW

DAUGHTER OF THE SUICIDE IS EXPECTED TONIGHT.

She Was Prostrated With Grief Upon Her Arrival at Chicago—Arrangements For the Funeral Will Not be Made Till After Consultation With Her.

A telegram arrived in the city this morning from Miss Mary Wilcox, daughter of the late Charles T. Wilcox, stating that she had arrived in Chicago and would arrive in Janesville on the noon train today.

A short time after the receipt of the first telegram it was followed by another which stated that Miss Wilcox had been taken suddenly ill and that she would be obliged to remain in Chicago till this afternoon at 4 o'clock. She is now expected home at 6:30 o'clock this evening, and will be taken to the residence of Mr. and Mrs. J. H. Huntress.

It is thought that Miss Wilcox was not aware of the terrible facts connected with her father's death until she reached Chicago, and there she saw the lurid reports printed in the papers and the shock prostrated her.

Nothing has yet been heard from Mr. Wilcox's son. He should arrive this evening unless some accident has befallen him. At any rate the funeral will be held tomorrow, probably from the Congregational church, and the interment will be in Oak Hill cemetery in the family lot. The details will not be arranged until after a consultation with Miss Wilcox.

REV. MATT EVANS BECOMES AN INVENTOR.

**DR. WURTH'S OPINION
OF THE NEW DISCOVERY IN MEDICINE.**

A Remarkably Successful Remedy for Dyspepsia, Indigestion and Stomach Troubles.

Dr. Wurth, in commenting on recent discoveries in medicine said: There is none which is certain to be so valuable and far reaching in benefit as Stuart's Dyspepsia Tablets, the new stomach remedy; I say far reaching, because people little realize how important a sound stomach and vigorous digestion is to every man, woman and child.

Indigestion is the starting point of consumption, heart disease, Bright's disease, diabetes, nervous prostration, liver troubles: why is this so? Simply because every nerve, muscle and tissue in our bodies is created and nourished from the food we eat. If that food is, by reason of a weak stomach compelled to lie for hours, a sour, fermenting mass of half digested food, it poisons the blood and nervous system, creates gas which distends the stomach and bowels, causing pressure on the heart, lungs, and other organs and seriously impeding their action.

He says further, the point to direct attention is not the nerves, nor heart, nor lungs nor kidneys, but the strong A.G.H., the first cause of all the mischief.

The remedy to use for indigestion and weak stomachs is not some cathartic, but a remedy which will digest the food, increase the flow of gastric juice, absorb the gases, and Stuart's Dyspepsia Tablets will accomplish exactly this result in any case of stomach trouble, because these tablets are composed of the digestive acids, aseptic pepsin, Golden Seal and Bisnuth, pleasant to taste, and not being a patent medicine, can be used by anyone with perfect safety. I believe Stuart's Dyspepsia Tablets will cure any form of indigestion and stomach trouble except cancer of stomach.

Full size packages of Stuart's Dyspepsia Tablets are sold by druggists at 50 cents, or by mail from F. A. Stuart Co., Marshall, Mich. A book on stomach diseases, together with thousands of testimonials will be sent by addressing above or call on your druggist for them.

McCoy and Sharkey Matched.

New York, Dec. 9.—"Kid" McCoy and Tom Sharkey are to fight. Thursday they signed articles of agreement to box twenty rounds at the Lenox Athletic club on Jan. 10 for a purse of \$20,000. Tim Hurst will be the referee, and Marquis of Queensberry rules will govern, with the exception that there will be no hitting in clinches or breakaways. All money taken in at the gate over \$40,000 is to be divided equally between the principals. It was also agreed that there should be no interference by seconds. If any second interrupts the bout in any way he is to be removed and the referee will order the bout to continue.

Mr. Elisha Berry, of this place, says he never had anything do him so much good and give such quick relief from rheumatism as Chamberlain's Pain Balm. He was bothered greatly with shooting pains from hip to knee until he used this liniment, which affords prompt relief. —B. F. Baker, druggist, St. Paris, Ohio. For sale by People's Drug Co.

Friendship of France and Italy.

Rome, Dec. 9.—While the tension between Germany and Austria is weakening the triple alliance, signs multiply of a notable rapprochement between Italy and France. Early next spring the French fleet, it is just now announced, is to go to Cagliari for the purpose of saluting the Italian fleet, which at that time will escort King Humbert to Sardinia.

Nebraska's Grave Scandal.

Omaha, Neb., Dec. 9.—The case wherein W. F. Bechel, ex-auditor of the Pacific Express company, is charged with embezzling large sums from that corporation while pretending to be paying out said money to members of the Nebraska legislature to prevent hostile corporation legislation, continues to develop sensations. Cashier Wolcott of the Pacific Express company, testified that large sums were paid out on vouchers marked simply "L. A." He declared that those sums were paid in cash to Mr. Bechel in person. The testimony was generally that the clerks understood that "L. A." meant legislative expenses, and that the money so paid was for the purpose of preventing legislation at Lincoln hostile to the Pacific Express company and other corporations.

SURETIES MUST PAY.

Decision of a Nebraska Court Involves a Large Amount.

Lincoln, Neb., Dec. 9.—The decision of the district court in Omaha in declaring bondsmen of ex-Treasurer Joseph S. Bartley not liable for his shortage was reversed in an opinion rendered Thursday by the supreme court. The decision is important and unexpected. The amount directly involved is \$201,000, which sum Bartley took from a state depository bank, and for which he was convicted of embezzlement and sentenced to the penitentiary, where he now is. Indirectly the decision affects Bartley's whole shortage of nearly \$700,000, and which it now seems probable his bondsmen will have to pay.

Looking for Safe Robbers.

Chicago, Dec. 9.—Detectives are out searching for the safe robbers who blew open the safe of the bank of Antioch, Ill., Thursday morning, and secured \$5,000 in cash and valuable papers.

The robbery was discovered at 8 o'clock in the morning, when the cashier opened the place for business. An investigation showed that the robbers had stolen a handcar, after the robbery, and gone to Lake Villa, six miles south. There they had stopped long enough to steal a horse and buggy and drive to Libertyville. The horse and buggy were abandoned there, and it is supposed the men took the train for Chicago.

Troops for Manila.

New York, Dec. 9.—A Washington special to the Tribune says the next regiments to start for Manila will embark at New York about the end of the month and will go through the Suez canal. The expedition will consist of three regiments of regular infantry, distributed between two of the largest converted transports owned by the government, with perhaps a convoy of two warships.

A two ways overcoat bargain.

Warmback ulster \$13.50

ONE of the best coats we ever put in stock and certainly the best quality for the money we ever sold is this "Warmback" all wool Irish freize ulster. It is a bargain in two principal ways. One of them because it's worth \$18.00 and never sells for less anywhere; our price, \$13.50. The other way is that it is the warmest coat on the market, the shoulders being double freize as shown in the accompanying cut. The coat has a high collar and is cut long; has a fashionable, neat appearance throughout.

Another ulster barg'n

GENUINE Irish freize ulsters with high collars, in browns and blacks, cut long, fashionably made. Great values for the money, and strictly all wool; only \$10.00.
